150323 St. John Methyl Bromide ER Site-Specific HASP.pdf

Geoff,

Please find attached the Site-Specific HASP for the response activities to be conducted by RST 3 personnel at the St. John Methyl Bromide ER beginning on March 23, 2015. We will need to update the attached as more information is obtained (i.e., TDD is issued, further background information is obtained, Scope of Work is revised, etc.) but this will get us going for the initial entry activities. Please let me know if you have any questions or comments.

Thanks,

Timothy Benton, CHMM
